# SAS ATHLETICS: ABOUT US

SAS Athletics is a major supplier of OEM products in the athletic market. Due to the rapid growth of the athletic market, the organization has increased focus on providing a broad breadth of athletic solutions. We offer products in several popular categories available from top name brands at discounted rates. We use as many American made products, materials, and resources as possible. We strive for quality and perfection, while understanding the importance of providing value for our customers. It ensures that things are done the Summit way, which is the right way, and that is why we back our products by a guaranteed warranty on materials and workmanship.

Our experience and product knowledge allow us to go above and beyond the competition when it comes to fulfilling our number one goal, which is serving the needs and best interest of our customers. SAS Athletics offers products that are available in the following categories: Fitness, Track & Field, Basketball, Baseball/Softball, Cheerleading, Football, Soccer, Volleyball, General Matting, Recreational Centers/ Stadiums /Facilities, Protective Padding, & Gymnastics. If you need a special or custom design, we can do that as well. Let SAS be the solution for all of your equipment and padding needs. Additional catalogs are available upon request.

## VINYL CASING COLOR OPTIONS

*"The Peak of Performance"*

# BASKETBALL

**Agility \* Endurance \* Power \* Safety**

RIMS, PORTABLES, BACKBOARDS, SYSTEMS, NETS, & MORE!

**1835 Series:** Satisfy the highest levels of competition and performance with the new arena-level portable from Porter, and eliminate the universal pains previously experienced with portable backstops.

**1135 Series:** This versatile portable backstop combines high-level play capability with simplified storage and maneuvering capabilities. The 1135 unit is a spring assisted, folding portable that provides extra stability and meets all competition needs.

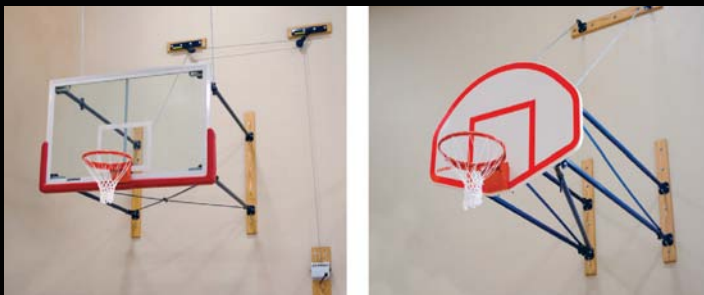

**735 Series:** New-and-improved design features make this portable a top choice for both competitive team practices and recreational play. A unique tension spring assist folding mechanism concealed in the base provides instant and effortless height adjustments from storage position to 8' 9' or 10' goal heights.

Give your school or facility a true home team advantage with custom printed graphics on your portable backstop! Simply provide your logo artwork and our design team works with you to create a stunning display. With a state-of-the-art printing process and proper artwork our printer can print nearly any design!

*"The Peak of Performance"*

## WALL MOUNT BACKSTOPS

Backstop folds to side for economical, compact storage. This style is recommended where low ceiling height or obstructions prohibit other folding methods. Backstop is operational from the floor with a telescoping diagonal brace system with a special locking mechanism. Offset hinge fitting allows backstop to fold nearly flat against a wall. Extension is available in any dimension from 4' to 12' from the wall.

## WALLPADS, SCOREBOARDS, NETS, & MORE (Sizes and prices vary)

Built to withstand the rigors of pro-level slam dunks, this maintenance free movable flex goals are perfect for main court competition!

- **Flex Rim**
- **5" x 4" to 5" x 4½" Mount**
- **Includes Net & Hardware**
- **Tube Tie Net Attachment**

# BASEBALL/SOFTBALL

**Agility \* Endurance \* Power \* Safety**

## PITCHERS MOUND

Starting at \$5,750

### PITCHER'S MOUND

- Artificial turf adheres to fiberglass mound
- Requires little maintenance
- No-lip design eliminates risk of bad bounces
- Mound is designed to adapt to dirt, grass, and artificial turf surfaces
- Adult 10" mound designed for High School, College, and Pro Baseball
- Youth 8" mound designed for all youth leagues, Pony League,

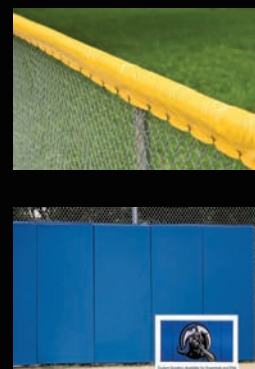

## HOME PLATES AND BASES

**MAJOR LEAGUE HOME PLATE** - Sturdy hard rubber base designed to withstand the battering of cleats. Runners sliding into home won't dislodge the base thanks to the included anchor, while the beveled edges prevent cleats or uniforms from snagging during the slide.

**MAJOR LEAGUE SHOCK ABSORBING BASES** - Cushioned base designed to help reduce injury. Durable, one-piece molded rubber base with no metal parts. Removable white center post for easy storage and replacement. Does not include anchors.

**BLEACHERS, BENCHES, FOUL BALL MARKERS, BATTING CAGES, BALL STOP SYSTEMS, VERSACOM BOXES, SHELTERS & MORE** Starting at \$299

**FENCE & WALL ACCESSORIES**  
Windscreens, Wall Padding, & fence protection

Whether you are looking to provide potential advertising space for your programs facility or simply looking at ways to reduce the risk of injuries and provide your athletes with additional protection, we can help you with that. Please contact us for additional information or visit us online at [www.sas-athletics.com](http://www.sas-athletics.com)

# VOLLEYBALL

**Agility \* Endurance \* Power \* Safety**

## VOLLEYBALL STANDARDS & PADDING

Whether it is recreational or competitive, we have you covered for all of your volleyball equipment needs! SAS Athletics offers Porter's premier competition level standards and their complete volleyball equipment lineup which is known for providing exceptional strength and

durability. Unique design allows for telescoping height settings from youth to USAV where indicated. Easy setup and takedown makes it the ideal system for all levels of competition. Many of the systems available offers effortless storage and provides maximum safety.

## JUDGES STANDS & NET ANTENNAS

Judges Stands- Free standing, portable judge's stand is ideal for use as a training aid on any sleeved volleyball system. Unit folds down enabling entire stand to be placed in a flat, compact unit for storage. Non-marking casters provided to easily transport to and from storage. Available with optional protective padding to meet all requirements for competition.

Net Antennas- International quality net antenna with molded, positive locking type clamps for securing to the top and bottom net hems. Single unit prevents lost parts. Meets all FIVB, USAV, NCAA, and NFHS competition requirements.

## TRAINING

Blocking Hands- With Porter's Blocking Hands, athletes have the opportunity to expand their reach, achieving success through the use of this training aide. Blockers have the chance to experience the feeling of a "clean" block. \$48 per set

Blocking Pad- Create a huge block in practice! This blocking pad teaches players to around the block. 2" thick foam creates a strong and controlled block every time. The blocking pad also includes two reinforced hand straps for a comfortable and easy grip. \$68 per set

## TABLETOP FLIP SCOREBOARD

Collapsible Scoreboard displays points 0-30 for two teams. An additional tally 0-9 is included to keep track of time outs or games within a match.

Sidewinder Net Storage System- Easily wind your volleyball nets on a free standing, transportable rack to keep your nets clean and tangle-free. The storage racks spin easily to neatly grasp and store the headband of the nets as unit glides across the floor on frictionless swivel type casters.

## SPIKE CHALLENGER

\$748

Condition athletes with repetitive hitting drills and conditioning exercises. Height is adjustable, weighted for stability. Includes wheels for easy transportation.

# TRACK & FIELD

**Agility \* Endurance \* Power \* Safety**

## LANDING SYSTEMS FEATURES

**EDGE-TO-EDGE TOP PAD:** Aesthetic and functional design eliminates spike contact with base units and unevenness at the edge of the pit. This Gill exclusive feature will increase the life of your new pit and improve safety near the edges.

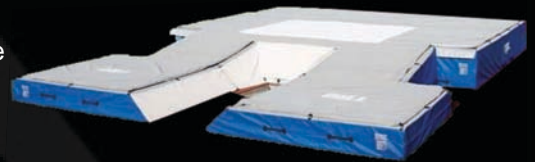

**REVERSIBLE TOP PAD:** Extend the life of your pit, Gill's top pads are designed to use either side safely and easily.

**ALL-VINYL BASE:** Exclusive to Gill landing systems, this unique design keeps water out of your pit better than old-school mesh top units used by the competition. To extend the life of your pit you keep water out of the foam. Gill's all-vinyl design gets results.

**COMPLETE INTERCHANGEABILITY:** Reversible sections for maximum interchangeability. This adds years to the life of your pit by maximizing the usage and size of the athlete's landing area.

**12 YEAR WARRANTY:** A long-term warranty is only as dependable as the company standing behind it. And after 100 years, you can count on Gill to stand behind your landing system for years to come. If any failure occurs in the first 12 years, under normal use and care, we will repair or replace the damaged part. Essentials line includes 5 year warranty.

**CUSTOM COLOR AND GRAPHICS:** Choose from over 100 unique vinyl casing and top pad color combinations offered at NO EXTRA CHARGE! Select your vinyl casing (xx) and top pad (yy) color combination. Add distinction with multi-color graphics on the top pad, weather cover, or both.

# FITNESS

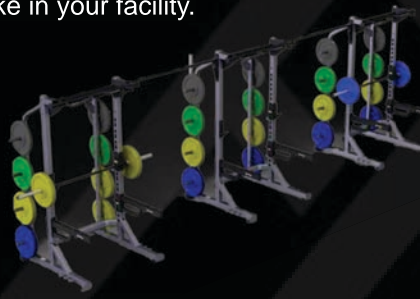

**Agility \* Endurance \* Power \* Safety**

## WEIGHT ROOMS

**Customizable Rigs, Storage, & Systems:** Customizing an X-Create System is a simple step-by-step process. Determine the length you have available, the storage, training stations and attachments you need, and then the training accessories to pair with it. Our X-Team Design can help you with all of that and give you a 3-D visual rendering of what it will look like in your facility.

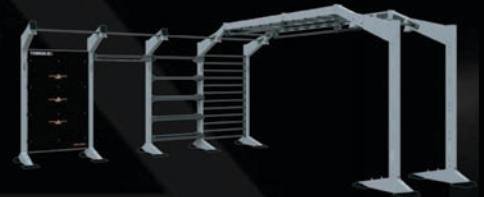

**Choose attachments.** These attach to the base, the bottom, the monkey bar crosses or the side of the uprights. Choose individual training accessories or select a recommended training package.

## MAIN OPTIONS / SUBSTITUTIONS

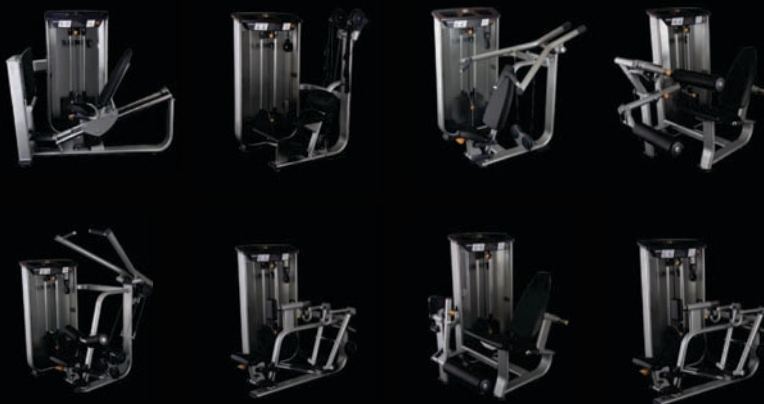

- BALL TARGET
- BALL & HANGING STORAGE EXTENSION
- GROUND ROTATIONAL TRAINER
- BAR/WEIGHT STORAGE
- DIP ATTACHMENT
- PLYO ATTACHMENT
- STALL BARS
- BALL TARGET WALL
- MONKEY BAR CONFIGURATIONS
- 3D HEAVY BAG SWIVEL
  - ENDLESS ROPE
  - ROCK CLIMBING GRIPS

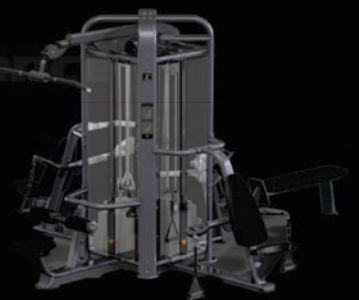

\*\*\*Attaches to the side or ends of X-Create and X-Lab uprights\*\*\*

## CABLE MACHINES & MULTI JUNGLES

The M line of Cable Technology Multi-Jungles were designed to unify the architecture, componentry, aesthetics and quality of the Torque Fitness selectorized and free weight lines. With nine individual stations to choose from, and the ability to configure them in unlimited ways, the scalability and customization is endless. Multiple stations easily allow several users to work out simultaneously and to move efficiently from station to station. Space efficiency was of primary concern in the creation of the Jungles and they allow facilities to provide a natural progression from selectorized to cable training in a compact footprint.

**M8 Circuit:** The M8 line of commercial selectorized stations from Torque Fitness deliver converging/diverging movements that are approachable and intuitive to use for the beginner, and, at the same time, effective for the advanced exerciser. A universal fully shrouded tower height of less than 5' for all machines creates uniformity and clean sight lines. The low tower height also facilitates convenient storage for water bottle, iPod, keys, etc. and allows for the oversized exercise placards to be viewed from a seated position. For ease of use, adjustments are limited to one or two per machine and seat positioning utilizes a 4-bar gas-assisted mechanism that allows for one-handed adjustments that locks the seat securely in place.

# FITNESS

**Agility \* Endurance \* Power \* Safety**

## ACCESSORIES

**TRAINING ACCESSORIES** : At SAS Athletics, we have all of the tools that you need for an unlimited variety of functional training from commercial grade kettle bells, wall balls, stretching bands, agility ropes, weights, speed development, bars, stands, and much much more!

SAS Athletics offers a wide range of fitness and development equipment. We have you or your program covered whatever the need may be! There are so many items to list that we can't fit them all on this page so please call or visit our website for more information!

**Benches, Development, Training, Weights, Medicine Balls, Rigs, Plyo Boxes, & MORE!**

## CORE TRAINING ROPES

This 1-½" rope contains 12-18% mineral oil lubricant by weight for long life and is securely attached within a heavy-duty steel fitting for years of durability. Optional rubber knots anchored every 12". Collegiate ropes are finished with a vinyl boot. Soft Dacron ropes are ideal for elementary physical education programs. The no-twist spun Dacron material is easier on hands than hemp ropes and will wear better than cotton. Hypoallergenic. • Our Speed ropes (Jump ropes) contain a stainless steel cable encased in plastic.

## PLYOMETRICS (Competition & Training)

### FOAM AND STEEL PLYO BOXES

- All Foam construction consisting of a dense core and softer laminated foam on outside providing a stable base and safe landing surface
- Tripleplyo is one unit in 3-different heights - 20", 24" & 30" (51 cm, 61 cm, 76 cm)
- Stackables are 4-velcro interlocking heights of 6", 12", 20" & 24" (15 cm, 30 cm, 51 cm & 61 cm) providing 15 different combinations • 1 year warranty on materials and workmanship

### FOAM TRAINING HURDLE

- Ideal training hurdle made of forgiving foam
- Vinyl cover allows for indoor and outdoor use
- Heights: 30", 33", 36", & 39" • \$155.00

### MEDICINE BALLS

Synthetic rubber balls suitable for all sports. Can be used indoor and outdoor. Color coded for easy weight identification.

# FACILITIES

**Agility \* Endurance \* Power \* Safety**

## SHOT CAGES, DISCUS CAGES, TENNIS POSTS, BATTING CAGES & MORE

We have several selections to choose from when shopping for Hammer or Discus Cages that range from high school to international competitions.

Our competition tennis posts come with fully enclosed net tensioning mechanisms. Outdoor system includes ground sleeves. Indoor system requires purchase of floor sleeves. 3.5" OD high strength steel posts with heavy duty dark green outdoor powder coating. Net and accessories are sold separately.

## GOALS & CROSSOVER ZONES

We offer goals in a variety of sports such as soccer, basketball, football, and lacrosse just to name a few. The Crossover zone is lighter and easier to handle than other conveyor or belt rubber systems. Protects against steel tipped cleats, shoes and even grounds equipment wheels, yet rain drains through. Black geotextile

with gold edging for safety and durability-ries are sold separately.

## BENCHES & BLEACHERS

Benches are aluminum planking attached to heavy steel support frames. Benchseat is 10" wide and available with a powder-coat finish. Seats are 1'6" high and include back support.

- 10" Wide Aluminum Alloy Planks
- Galvanized Structural Steel Support Frames
- Plank Ends Are Fitted With Die-Cut Formed Caps
- Non-Slip, Grooved Type Top Surface With Reinforcing Ribs

## SHELTERS & DUGOUTS

### DUGOUTS

8' tall x 8' wide cantilever dugout with 24" rear offset or flat option is available. Bolt together design with a 120 MPH wind rating and 50 lb/sq ft snow rating. Choose from 15 different powder coat colors. Roof only available in white.

### PORTABLE TRACK SHELTER

Steel frame is mounted on swivel casters. 360 degree seating surrounds a center storage shelf. Roof frame is constructed of aluminum bracing with architectural gray powder coat. Canopy is tensioned with a one-piece vinyl wrap. Custom color and graphic application available on canopy top.

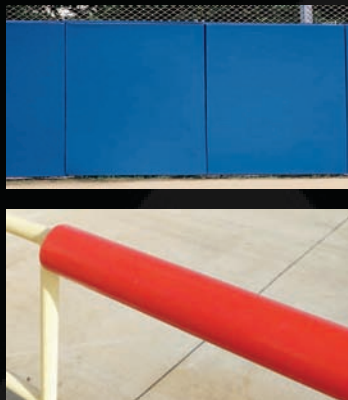

# FACILITIES

**Agility \* Endurance \* Power \* Safety**

## WALL, UPRIGHT, RAIL, & PROTECTIVE PADDING

2" thick polyurethane foam core attached to 1/2" thick, sealed, water resistant Extira® wood. Each panel is completely covered in 15oz UV treated vinyl. Pad meets the minimum ASTM F2440 impact standard specification. Threaded wood inserts on pad allow for chain link fence attachment.

May also be installed using "Z" clips allowing seasonal removal, repair, or replacement. Pads built to your specified dimensions with a maximum width of 4'. Custom

Graphics available.

## WINDSCREENS

Screens are made with an exclusive durable mesh fabric of tightly woven micro-fibers: it's virtually tear-proof. Tuffy® is the only windscreen finished with double-needle lock stitching, eliminating the thread unraveling problem of traditional windscreens. Includes 5 year warranty, available in 20 colors. Grommets every 12". 78% Shading. Custom Printing and other options available - call for details.

# GYMNASTICS/CHEERLEADING

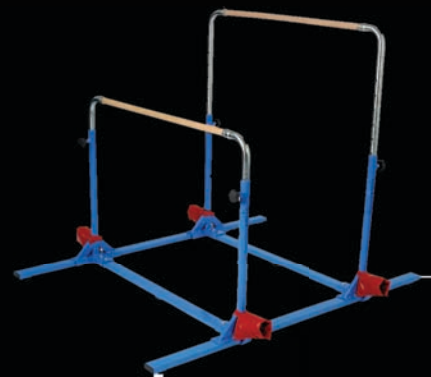

**Agility \* Endurance \* Power \* Safety**

## Al Fong Spotting Block Systems

\$2,750.00 per set

The Al Fong Spotting Block System is a group of lightweight, compatible, versatile blocks that are useful in all levels of gymnastics training. For years, Al Fong has produced championship level athletes using techniques and equipment developed over a long and illustrious career. These blocks have been a staple in his gymnastics program and are soon to be indispensable in yours!

*Each Al Fong Spotting Block Stack includes the following: (1) 3' X 3' x 8' Block (1) 3' X 1' x 8' Plank (2) 3' X 1' x 4' Planks. Save thousands by opting to buy the easy-to-assemble system.*

## 5-in-1 Bar Systems

\$800.00 per system

The 5-in-1 system is action packed as several learners can be engaged at one time. With 5 separate set up options, the uses are endless! Supportive enough to strap a wall system, (add a Power Launch and floor bar!) for a full circuit workout! Each bar is adjustable from 38in to 59in and is stable enough for various swinging, hanging and strength skills. 5 different set-ups in 1 Bar System! (1) Single bar, (2) Double bar, (3) Mini Unevens, (4) P-bars, or (5) Multi-Use Fun/Wall Station.

## Octagonal Tumblers

Octagons are used for teaching tumbling skills or for recreation. They help with teaching the beginning and finishing of backwards and forwards skills such as walkovers, front and back hand-springs. They also help teach leaps, tick-tocks and over splits.

### SIZE GUIDELINE:

- 20"x20"x28" (35" in height or below)
- 24"x24"x30" (35" to 43" in height)
- 30"x30"x36" (44" to 53" in height)
- 35"x35"x35" (53" in height and above)

## Booster Blocks

Booster Blocks can be connected side-by-side, end-to-end or on top of one another. They are useful as spotting blocks and training stations for beam, tumbling and vaulting. The Booster Blocks make great plyometric/warm up stations and when used with the Orbiter, they help adjust for different heights of athletes. The Booster Blocks have unique Velcro placement that allows for multiple connections for a variety of setups and stations. Price: \$154.99

- 48in long x 18in wide x 8in high
- Loop Velcro around the top perimeter of the block
- Hook Velcro around the bottom perimeter of the block
- 18 oz. knife coated vinyl
- Foam density is 40 KG/m3~ 2.5lbs/ft3

# PROTECTIVE PADDING

**Agility \* Endurance \* Power \* Safety**

## WALL PADDING

To ensure that your athletes are protected and can reach the peak of their performance, it is essential to reduce the risk of injuries and to cover hazardous areas with protective padding!
